- Right-sizing NCUA programs that ensure compliance with consumer financial protection laws and regulations.

NCUA Operating Budget per Million Dollars of FICU Assets

Source: NCUA Annual Budgets, Call Reports, FDIC, OCC, and Federal Reserve financial reports

*Budget per million \$ of FICU assets is calculated as the fiscal year's budget divided by the previous year's end-of-year assets (e.g., 2024 proposed budget (\$382.1M) / projected FICU assets as of 2023Q4 (\$2.3T) = \$170 of NCUA budget per \$1M in FICU assets).

* The Operating Budget for 2023 includes 6 positions approved by the NCUA Board in July 2023. The Operating Budgets for both years do not include five positions funded by the Central Liquidity Fund.

2024 Proposed Operating Budget

Key Operating Budget Changes

- **The Operating Budget is proposed to increase \$38.0 million. This change is due to:**
 - \$5.2 million that results from a lower projected budget surplus to carry over into 2024;
 - \$26.2 million for pay and benefits increases, including the proposed additional staff;
 - \$5.5 million for additional contracted services; and,
 - \$1.1 million for increased rent, communications, utilities, and other administrative costs.

Key Operating Budget Changes

- **The proposed budget for employee compensation increases by \$26.2 million (9.8%). Employee compensation makes up 77% of the 2024 NCUA operating budget.**
 - Merit and locality pay for the current workforce is paid in accordance with the Collective Bargaining Agreement. Employee salaries are estimated to increase by 5.2%.
 - Benefits costs are projected to increase overall by 7.5%. This increase is driven largely by the mandatory retirement contribution paid by NCUA as the employer and contributions for employee health insurance. Both are set by OPM.
 - The 2024 cost impact of proposed additional staff in the budget accounts for \$5.7 million of the compensation increase.

Proposed Staffing Changes

The 28 additional staff would be allocated to the following functions:

- A net of five new positions in the NCUA's regional offices.
- Two positions for a new Office of the Executive Secretary.
- One position for the Office of the Ombudsman.
- Three total new positions: one each in the Offices of Business Innovation, Chief Ethics Counsel, and External Affairs and Communications.
- 17 positions previously unfunded but authorized within the total NCUA staffing plan.

Key Operating Budget Changes

Non-Personnel Budget Categories

- Contracted Services: Increases by a net of \$10.7 million. Of this amount, approximately \$5.5 million is for inflationary and programmatic cost increases, primarily for cybersecurity mandates and requirements, operations and maintenance of recent capital investments, and additional costs associated with reasonable accommodations for NCUA employees. The remaining \$5.2 million of the increase results from a lower surplus projection than the amount realized in 2023.
- Travel: Maintained at approximately the same level as the 2023 budget.
- Administration, Rent, Communications & Utilities: Increases \$1.1 million, primarily due to leases for a new disaster recovery site and the NCUA office in Austin, Texas, and increased fees charged by the Federal Financial Institutions Examination Council.

2024 Capital Budget

- The capital budget includes \$7.3 million for nine discrete projects. The largest share supports the Executive Order on Cybersecurity
